Subject

Letter No Q 91 dated the 23rd Augt 1903, from the Offg Senior Surgeon on the subject of the annual reports of the Medical Deptt for 1902.

On the 20th August 1903, an urgent reminder was sent to the Offg Senior Surgeon, asking him to expedite the return to this Office of the Copies of the report on Hospitals and Dispensaries, which were sent to him for Correction with this Office ~~Any~~ docket No Q 854 of the 11th August, 1903. These Copies are to be sent to the Residency for transmission to the Director General, Indian Medical Service. In reply, the Offg Senior Surgeon states in his present letter of the 23rd August, 1903, that the Corrections are nearing Completion and that Copies of the report would be sent as early as possible. It is stated that some of the mistakes pointed out were clerical and others are made in the Press Office. As to the Correction of proofs by the

Senior Surgeon's Office, the Offg Senior Surgeon states "if proofs are to be Corrected by the Officials of different heads of depts I do not see why there ought to be proof readers in the Govt Printing Office." ~~Perhaps this observation~~

Submitted.

AH 31/8/03

To ensure greater accuracy in the reports made to Govt the final proof is always corrected by the Office which sends in the Report to the Press. This being so, it is not for the Senior Surgeon to say they there should be proof readers in the Govt Printing Office.

JB 31/8/03

I think so too.

But no orders seem necessary on this letter.

If the Reports are not read in a week, a reminder may be sent.

HH 2/9/03

8 Corrected Copies of the Report on Hospitals and Dispensaries have been received from the Offg Senior Surgeon. One Copy will be sent to the Press for being printed along with the revised. A draft for w[illegible] the same

7 copies to the Residency is submitted for approval. These copies are intended for transmission to the Director General, Indian Medical Service.

Note Cont'd

As directed above, the Supdt of the Govt Press was requested in this Office docket No 9 1456 dated the 11th September, 1903, to ~~report with Corrections~~ send 10 Corrected Copies of the Report on Hospitals and Dispensaries to this Office for transmission to the Residency. In reply to this request the Supdt states that the Corrections made in the report are numerous that if all the printed reports are rectified by erasching and pasting, it would deface the Report of its beauty and render it shabby and that as the matter of the report has been already distributed, it would entail a great expense and cause

4 a good deal of delay, if it has to be reset and printed.

Subd with draft—

9/10/03

9/10/03

Have the usual No of Copies been received incorrectly printed? ~~If so~~ If so, why ~~was~~ did not Supt send for finally passed proof? Let me see corrected copy.

10/10

The Corrections are mostly in Kgn & I do not know that it is worth while to reprint. The Corrected Copies may be sent to the Residency. The Supt may be informed that the printing should be more carefully done and that "beauty" in a Report is a subordinate matter when Compared with accuracy. Draft submitted.

The Residencies may be sent. The printing was not Correct, & the Senior Surgeon sent inaccurate copy. ~~The~~ No letter need go to the Supt

through the 2nd Councillor. Note Contd The Corrected Copies of

of the Report on Hospitals and Dispensaries received from the Senior Surgeon were forwarded to the Residency with this Office letter No 1882 of the 20th October, 1903.

As the Supdt of the Govt Press has in his docket No 232 of the 22nd September, 1903, referred the question for the orders of Govt, whether he has to resubmit the whole report with Corrections &c, ~~now~~ in which Case there would be a good deal of delay, or whether he has to rectify the mistakes by scratching and pasting, a reply to him seems required, as in the draft submd herewith for appl.

4. To avoid delay the interleaved printed copies were sent to Government as received from the Press which fact has already been communicated in this office No G-465 dated 11-6-03.

5. Correction of proofs is an additional work imposed upon the officials of my office recently. Hitherto such work was

not carried on here and if proofs are to be corrected by the officials of different heads of Departments I do not see why there ought to be proof readers in the Government Printing Office.

6. The special Hospitals Reports referred to in docket No.532 dated 31-7-03 will also be returned duly corrected on receipt of report from the Medical Officer of the Lunatic Asylum to whom they have been transmitted for the needful.An urgent reminder has also been sent to him on the subject.

Enclosure No. 1

Secy's docket No. 1456, dated 11th inst.

I am the honor to observe that, in the printed copy of the Report on Hospitals and Dispensaries in Mysore for the Calendar year 1902, received with the above, the corrections made are numerous. If all the printed Reports are rectified by scratching and pasting, this would deprive the Report of its beauty and render it shabby. Further to state that the number thereof has already been distributed and that, if the whole Report were to be reset

reset and printed, it would entail the need of a great expense and cause a good deal of delay. The subject is therefore brought to the notice of Government and orders awaited.

Rec'd Docket No 232 dated the 22nd September, 1903, on the subject of re-printing the Report on Hospitals and Dispensaries for the year 1902.

With reference to the above, has the honour to state that the whole report need not be reprinted, and ~~to request that the Supdt will be good enough to have~~ only such pages of it as contain numerous

numerous Corrections which do not easily admit of rectification by neatly scratching out & pasting.

2- The ten Copies of the Report asked for in this Office Docket of the 4th September, 1903, need not be supplied.
